Blue Devils Play Belle Glade Rams Wed. Nite, Nov. 21

The Pahokee Blue Devils will play their last game of the season on Wednesday night, Thanksgiving Eve, when they travel to Belle Glade for the traditional battle with the Golden Rams.

The Rams, who got off to a slow start this season, have been improving with every game of late and if they hold their present form it is going to be tough going for the Blue Devils. However, the outcome of a Pahokee-Belle Glade football game is hard to predict as both teams play their hearts out in their bid for victory and the underdog often becomes the upperdog when the final whistle is blown.

Pahokee High School students will hold a big pep rally at the school at 8 o'clock in the afternoon before the game. The pep rally will be followed by a parade through the streets of Pahokee and back to the school. There will be floats in the parade which will be led by the Pahokee High School Band and all home rooms will participate.

Wednesday, the day of the big game, has been designated as "color day" at the high school with all students requested to wear the school colors of blue and white.

Rev. W. Hal Hunter New Baptist Minister

Rev. W. Hal Hunter of Jacksonville has accepted a call to serve as pastor of the Pahokee First Baptist Church. The Rev. Hunter, pastor of the Brentwood Baptist Church, served as guest minister at the Pahokee Church Sunday and announced his decision to accept the call of the local congregation at the close of the morning service. He will assume his new charge the first Sunday in December.

A graduate of Stetson University and the Southwestern Theological Seminary, he served as chaplain in the Army during World War II and was pastor of the First Baptist Church in Lake Wales before going to the Brentwood Church in Jacksonville.

Rev. and Mrs. Hunter and two small children, Elaine and Hal, Jr., plan to move into the parsonage at Pahokee in the near future.

Dr. W. F. Ande Spoke At Rotary Meeting

Harold Rosenberg, president of the Pahokee Rotary Club, has named B. Elliott, chairman, John A. Dulany and Don Hillier on a special club committee to investigate the possibilities of erecting a building complete with a restaurant on the new Pahokee city dock for use as a youth recreational center. President Rosenberg has also asked the committee to see what can be done about building a breakwater to protect the new dock.

At the Thursday luncheon meeting last week Dr. W. F. Ande of West Palm Beach, guest speaker, outlined the activities of the Palm Beach County Unit of the American Cancer Society and gave a talk on "Cancer Research."

Council Given List Of Names For Streets

At the meeting of the Pahokee City Council Monday night representatives of the Pahokee-Canal Point Garden Club submitted a list of suggested names for the renaming of several streets and avenues in Pahokee.

Councilmen Gil Galbalon and R. B. Simonson are on the committee named by the Council to work with the Garden Club in the renaming of the streets and the decision of this committee on the acceptance of the new names suggested for the streets will be announced later. The Council has authorized the construction of new markers for city streets.

Last Rites Held For Pioneer Settler

Funeral Services for Alfred Erickson, 81, pioneer settler of Canal Point, were held in the chapel at Berry's Funeral Home in Pahokee at 2 p. m. on Thursday afternoon of this week, with Harold H. Keniston, reader of the Christian Science Church, Pahokee, officiating.

Mr. Erickson died Monday, Nov. 12, while visiting his son, Karl, and family in Celso, N. C. He was born in Allings, Sweden in 1870 and came to Lake Okechobee from Fort Myers in 1911 when the Everglades was still a wilderness. He settled with his family on a homestead about three miles north of Canal Point and started clearing the rank growth from the rich muck soil, being one of the first settlers to start growing vegetables in the Lake Okechobee area. He retired several years ago, turning the business of farming over to his two sons, Floyd and Bill Erickson, who are still farming the original homestead.

In addition to the three sons he is survived by his wife, a daughter, Mrs. Eva Spencer and two grandchildren, all of Canal Point.

Palbearers were C. T. Santee, Grady Boynton, Albert Fremd, Ray Hawk, Sr., C. H. Hitchcock and L. W. Knight.

Burial was at the Port Mayaca Cemetery, with Berry's Funeral Home in charge of arrangements.

"Charcoal Gaities" To Show At Belle Glade Monday Nite, Nov. 19

The Pahokee Vesper Choir will travel to Belle Glade Monday night to present the third showing of its minstrel, "Charcoal Gaities of '51", in the Belle Glade High School auditorium at 8 o'clock under the auspices of the Belle Glade Methodist Woman's Society of Christian Service. The minstrel has previously been shown at the Pahokee High School auditorium and the Veterans Hospital in Coral Gables. The blackface cast of 58 is under the direction of Mrs. Mildred Todd and Miss Louise Hatton is general manager of the production.

Mrs. R. S. Douthit will present a study of the mission book, "Pilgrimage to Spanish America," at the Pahokee First Baptist Church Thursday, Nov. 29, starting at 7:30 p. m.

Blue Devils Play Vero Beach Indians In Last Home Game

In their final home game of the season the Pahokee Blue Devils facing Vero Beach Indians on Lair will face a formidable foe, the in-field at 8:15 tonight.

The Indians, proud holders of a perfect record to date (all wins, no losses, no ties) are leaders in the Suncoast Conference race by a presumably safe margin since they have yet to meet a team this season that has given the heavy, hard charging Indian line and the fast and powerful backfield much cause for worry. With 150-lb. Ed Bass at fullback, two speedy half carriers, Ed Wall and Jack Metz, at half back positions and a bulls-eye tosser, Gary Phillips, at quarterback, Coach Tex Warrington has got one of the most effective backfield combinations among high school teams of the state and it is against their split T offensive tactics.

Coach Dub Kendrick has been putting his Blue Devils through some rugged scrimmage sessions this week in preparation for tonight's contest. He says his men are all in good physical condition with the exception of Fullback Bill Hatton who suffered a head injury in the Stuart game. Hatton has not been participating in scrimmages but Kendrick expects to start him tonight.

With little chance of getting through the Indian line, Pahokee's hopes will probably hinge on Carney Wilder's passing and (continued on page 8)

County To Set-Up Small Claims Court

A small claims court will be established under the State Legislature general act, the county commission decided at its Monday meeting, at which Chairman Paul Rardin submitted a petition urging court's establishment signed by nearly 50 merchants in the Pahokee and Canal Point areas.

Chairman Rardin also went on record favoring the act. Other letters including one from the County Junior Bar Assn., also urged that the court be set up in the county, and a survey of commissioners by Chairman Rardin revealed that citizens throughout the various districts favored it.

The board authorized County Attorney Harry A. Johnston to go ahead with legal operations necessary to set up the court.

Introduced by Mrs. Edward A. Jensen, program chairman, Dr. Brumback gave a talk on "School Health."

Mrs. I. M. Lair, publications chairman, reported 15 subscriptions to the National PTA magazine and 10 subscriptions to the State PTA magazine. Mrs. E. L. Pope, public welfare chairman, reported that in addition to the free lunches being provided by PTA to underprivileged children, two of the children receive lunches from funds provided by private individuals.

The monthly attendance awards were won by Mrs. Kathryn Cunningham's second grade room at the elementary school and Miss Constance Smith's eleventh grade group at the high school.

1 Killed, 4 Injured In Car Wreck North Of Canal Point

Herbert Huff Sorrells, 59, Atlanta, Ga., business man, was killed and four other persons were injured in a collision of two cars on US 441 about eight miles north of Canal Point, just inside the Martin County line, at 2:50 p. m. Wednesday.

Mr. Sorrells was the twin brother of Herschell Sorrells, son-in-law of Mr. and Mrs. Jack Chastain of Pahokee.

The injured, all of whom were taken to the Everglades Memorial Hospital, are Guy Taylor an attorney of Atlanta, Ga.; Herbert O. Rosenfeld, Sondra H. Silverman and Benjamin Berman, all of Key West.

The accident, occurred when the 1949 Studebaker in which the three persons from Key West were riding, with Rosenfeld at the wheel, blew a rear tire causing it to swerve to the left side of the road. Taylor and Sorrells, were headed north in Sorrells' 1951 Oldsmobile with Taylor at the wheel and the Oldsmobile rolled over on its side after striking the Studebaker on the right front side, according to Patrolman Joseph P. Bertrand.

Sorrells was dead when FHP officers arrived at the scene of the accident, Patrolman Bertrand said.

News Notes From State Capital

TALLAHASSEE—One of the first candidates for Congress in the new Eighth district is Guy Andrews, Bradford county tax assessor, Starke business man and World War II veteran. This district includes 15 North Florida counties, and is one of those added by reason of Florida getting two more in the Congress.

TALLAHASSEE—School elections of the past week will result in wage increases for teachers in at least five counties, according to results received here by State School Superintendent Tom Bailey. He said that voters of Lee, Palm Beach, Marion, Volusia and Alachua counties agreed to increases ranging up to \$500 a year for teachers in Palm Beach county next year. Duval county voters rejected a proposal to pay teachers \$50 a month more.

TALLAHASSEE—A survey to determine what teacher shortages face Florida is being started by the department of public instruction, following on the heels of a cabinet decision to let retired teachers under 70 return to work if they fulfill other requirements. State Superintendent Tom Bailey blamed the shortage on competition in salaries from other states and lack of newly trained personnel to meet the state's increasing needs because of population growth. They estimate that one out of every 10 teachers is not in the field for which training was taken.

Cinematic Chatter

By Malcolm Miller

This I have to tell because it has to do with a sign painter. The man who paints the names of stars on their set chairs at Columbia Studios used just five letters on two chairs for Rex Harrison and Lilli Palmer, who are co-starred in the picture "Fourposter." Harrison and Miss Palmer are the only performers in the picture. Their chairs are simply marked "HE" and "SHE." Kathryn Toomey was doing a guest stint on the Johnny Downs television program. "And how is your husband, Regis?" Downs inquired. "Fine," replied Katy, "he's at San Quentin Prison." It wasn't until after the program came off the air that Downs found out that Regis Toomey was on location at San Quentin, filming a picture under the release title "My Six Convicts." The thing that is worrying Kathryn is that a few million people, television viewers, still think her husband is a convict at San Quentin. Yes, little girls, football queens do get a slap at pictures. For proof Gloria Krieger, queen of Portland, Oregon Rose Festival has been signed to a term contract and will appear in Los Angeles Superior Court this week for approval of the papers. Daughter of Mr. and Mrs. John Krieger of Portland, Oregon, Gloria will be eighteen in December. She is a graduate of Jefferson High School, that city and was selected queen in June of this year, later being elected as Queen of the Court. She will

start a course of training in all branches of dramatics at the studio at once. See you at the movies—Mal.

Boys Ranch Program Gets Underway

Delivery of 35 calves for a co-operative stock raising program for boys from the Future Farmers of America, 4-H Club boys and members of the Belle Glade Rotary Club was reported to the county commission Tuesday.

The county agricultural department report said that each of the boys was being sponsored by a member of the Rotary Club in the cattle raising project.

The report said the Palm Beach County Breeding Association had increased activities during the past year and that nearly 1,500 head of cattle had been bred by artificial insemination.

Plans were also disclosed for the East Coast Dairy Show to be held in December.

Mrs. Graham Presents Devotional Program

Mrs. H. C. Graham presented a devotional program, "Whither Asia?", at a meeting of the Grace Jernigan Circle, First Baptist WMS, Tuesday night at the home of Mrs. Olaf Boe.

Others taking part in the program were Mrs. Ellsworth Keen, Mrs. S. W. Roberts, Mrs. B. H. Henderson, Mrs. Frank Thompson, Mrs. Wiley Tillis, Mrs. W. M. Du-

Bose, Mrs. D. W. Young and Mrs. Boe.

The group voted to prepare a Thanksgiving basket of food for a needy family as its community mission project for November. Mrs. H. L. Speer, WMS president, closed the meeting with a prayer. Mrs. Woods was a visitor.

Mr. and Mrs. Louis Davis have as a guest their aunt, Mrs. J. S. Hutton of Williston, S. C.

Christian Science Group Of Canal Point

Immortality, found through understanding that man is the reflection of God, Spirit, will be dealt with at Christian Science services next Sunday. The Lesson Sermon is entitled "MORTALS AND IMMORTALS."

The Apostle Paul's statement from Romans (8:13) constitutes the Golden Text: "If ye live after the flesh, ye shall die: but if ye through the Spirit do mortify the deeds of the body, ye shall live."

The following, from Psalms (118:14,17) is among the Bible passages: "The Lord is my strength and song, and is become my salvation... I shall not die, but live, and declare the works of the Lord."

Correlative readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Matter, sin, and mortality lose all supposed consciousness or claim to life or existence, as mortals lay off a false sense of life, substance, and intelligence. But the spiritual, eternal man is not touched by these phases of mortality" (p. 518).

Ralph Clark, U. S. Navy, who is stationed at the Jacksonville Naval Base, visited his parents, Mr. and Mrs. C. T. Clark, in Canal Point over the weekend while on a brief leave from the Navy.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

County Commissioners Tuesday received the County Board of Visitors annual report, in which Secretary J. H. Cole reported the general condition at the County Home was "excellent"; that because of the many improvements made by the Commission last year, not much new is needed this year. After receiving the report that the new refrigerator at the Home is acting up, the board authorized County Engineer J. M. Boyd to investigate this immediately. The report expressed the Board of Visitors' appreciation both to County Judge Richard P. Robbins and the Commission for its assistance and cooperation.

Referred to Atty. Johnston from E. Harris Drew, representing the County Association of Municipalities, on possibility of effecting uniform closing hours for bars and package stores during elections.

Requested the engineer to make an analysis of the county car situation. Boyd also reported that bids will be received by the board at its next meeting on new county equipment, which includes a grader, bulldozer, dragline, diesel power

unit, roller, four dump trucks, two flatbeds, a power mower, pump and power unit.

Sold 360 acres of land located halfway between Boynton Beach and Delray Road to the Federal Government, for use by the Fish and Wildlife League.

Appropriated \$300 for the Palm Beach County Cattlemen's Association meeting at Clewiston, which got underway Tuesday. Mr. Rardin gave the welcome to the group. Okeed installation of a blinker light at the Belle Glade Hospital on State Road 80, following recommendation by the State Road Department Traffic Division.

Heard Mr. Boyd report progress on the new county shop area, with two shop buildings and one truck shed "practically completed". He estimated the area will "be in business by the first of the year."

Authorized the right-of-way committee to discuss conveyance of city-owned lands to the county on State Road 9.

Heard Mr. Johnston report that the county had turned over as of Oct. 1st all properties to the Air Force at International Air Base.

Cross-State Hiway New State Project

TALLAHASSEE — Something new in the field of highway development came to pass for Florida today as Road Board Chairman Alfred McKethan announced approval of the first federally-numbered route to traverse the peninsula diagonally.

McKethan said the route numbering committee of the American Association of State Highway Officials has agreed to the extension of Highway 98 from its present western terminus at Apalachicola to West Palm Beach by way of Newport, Perry, Cross City, Brooksville, Lakeland, Frostproof, Okeechobee and Canal Point. Approval was voted at the recent AASHO meeting in Omaha, where McKethan appeared in behalf of the project.

The new route will be designated on the 1952 State Highway maps which will be released for publication next month. For the present the through highway will be routed through Tallahassee and down the peninsula because the Newport-Perry cut-off is still under construction. The Okeechobee-West Palm Beach leg of the route will also be designated as temporary on the 1952 maps because

the relocation of the road there, via Indiantown in Martin county, is projected.

"We deem this new development great stride in highway progress in Florida," McKethan said in making the announcement. "While Highway 98 extended is the first federal diagonal route obtained for the state, it follows a policy the State Road Department established several years ago of designating diagonal state routes as short cuts to save motorists driving time and distance."

"The diagonal state routes include SR 600 from St. Petersburg to Daytona Beach, SR 500 from Clearfield to Melbourne via Ocala, Leesburg, and Kissimmee, SR 200 from Hernando to Fernandina via Ocala and Starke and SR 100 from the Georgia State line to Burnell via Jasper, Lake City and Starke."

He also revealed that the State Road Board has taken under advisement, a proposal to construct a tourist welcome station in Tallahassee in view of the extension of Highway 98 and its anticipated enhancement as a tourist route to the lower East Coast.

Highway 98 extended will travel common with U. S. 19 south from Tallahassee to Chassahowitzka, in Citrus county, State Road 700 from there to Bartow in Polk county, U. S. 17 south to Fort Meade and

west from there to Frostproof to reconnect with State Road 700 to West Palm Beach.

The route is generally in excellent condition for travel. Only two construction jobs are underway along it at present and both are scheduled for early completion.

Original U. S. 98 connects up Apalachicola and Pensacola in extreme west Florida. It was completed within the last 20 years and opened up the North Gulf Coast for development.

State Ad Group Will Seek Free Publicity

TALLAHASSEE — A New York public relations firm is going to help the State Advertising Commission try to get more free publicity about Florida in national publications, newsreels and radio broadcasts.

The Advertising Commission has announced the signing of an eight month contract with Hal Leyshon and Associates to act as a New York agent at \$2,083 a month, plus miscellaneous expenses.

Beverly Grizzard, advertising commission member and staff director, said it is necessary to seek more free publicity to compensate for advertising rates that have increased while the state appropriation has stood still.

"If we can't buy it, we'll create it," he said.

Charles Lairsey, S. A., U. S. Navy, who has been taking boot training at the San Diego Naval Training Base, arrived in Canal Point Tuesday to spend a week's leave from the Navy with his parents, Mr. and Mrs. M. L. Lairsey.

Florida is making progress toward becoming "an industrial area of the first magnitude" State Supreme Court Justice B. K. Roberts told the Florida Industrial Commission's annual Workmen's Compensation Conference in Jacksonville last week.

The first olive tree cuttings planted in California by Franciscan padres almost two centuries ago have grown into a ripe-olives business which now waxes 2,200 growers about \$10,000,000 annually. Of the approximately 25,000 tons of ripe olives sold each year for canning, reports the American Can Company, 98 per cent go into metal cans.

Wildlife Medal To Be Awarded Nov. 20

JACKSONVILLE — One of the outstanding features of the Thirty-fifth Annual Membership Banquet of the Florida State Chamber of Commerce at Palm Beach, November 20, will be the awarding of the Annual Wildlife Conservation Gold Medal to some deserving citizen.

The medal, presented by the State Chamber, will be awarded to some Florida resident "possessed by an unblemished background in the field of wildlife conservation" and will be judged by representatives of the Florida Wildlife Federation and the Florida Outdoor Writers' Association.

Nominations may be made by any Florida citizen or organization, and must be delivered prior to October 31 to Mr. Harold Cole, Executive Vice President of the Florida State Chamber of Commerce in Jacksonville. The award is open to any citizen of Florida, except conservationists in the employ of the Government.

The Soil Science Society of Florida learned of the Glades fiber industry at first hand when a bus load visited the Everglades Experiment Station where plots of jamie, kenaf and sansevieria were examined. The drying of kenaf was also observed at the station.

Black leg disease has killed between 50 and 75 Levy County cattle within a few days, agriculture officials have announced. The outbreak has been brought under control by vaccination of more than 4,000 head.

Mr. and Mrs. Ray Ursey announce the arrival of a daughter, Pamela Darlene, at the Baldwin hospital in West Palm Beach on Nov. 1. Mrs. Ursey is the former Miss Oni Fay Padgett of Canal Point.

McKethan Adds Leg To His Turnpike To Serve Tampa

TALLAHASSEE — Chairman Alfred A. McKethan of the State Road Department said recently that preliminary studies of the proposed Jacksonville-to-Miami turnpike also contemplate the construction of a leg extending from the East Coast to the Tampa Bay area.

Although McKethan did not elaborate on the possible route across Central Florida, it was supposed that the east-west leg would run from Daytona Beach to the Tampa Bay area Road Department officials have in mind the beginnings of a vast road system which can be closely integrated with the present road network.

While McKethan emphasized that the project still is in the extremely early survey stage, he did reveal that he and Governor Warren had held a recent conference on the project. He said Warren viewed the project with "considerable interest and enthusiasm."

Fantastic characters in full animation will be used to carry out the "Alice in Wonderland" theme of the 1952 Florida Citrus Exposition to be held in Winter Haven, February 18-23.

Economic Report For Commerce Body

JACKSONVILLE — The most comprehensive economic report ever made them, will be submitted to the state's business leaders at Palm Beach, Nov. 18, 19, 20 during the 35th annual membership meeting and business conference of the Florida State Chamber of Commerce, according to its executive vice president, Harold Cole.

Cole said the state is growing in all categories, and sprouting new wings calling for millions of dollars in new investment capital. Speakers on the convention program, he added, will acquaint State Chamber members with the details of manifold operations, some astounding as to character and size.

A golf tournament will be played for the Rickenbacker trophy by State Chamber members prior to the official opening reception on Sunday evening, November 18, at the Biltmore Hotel.

Following the National Trailer-coach Exposition in St. Petersburg, many of the delegates inspected the 30,000 acres of a luxuriant crop of sugar cane in the Everglades mucklands, according to Harry T. Vaughn, vice president and general manager of the United States Sugar Corporation.

Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

Civic organizations of Canal Point and Pahokee are being invited to sponsor candidates for the title of Gladioli Queen, according to an announcement by Eugene Pfleger, Delray Beach, chairman of the queen contest committee.
